

# AMISOL

Daniel Rybakken, 2017

Type: Suspension  
Light source: LED 50W, 3000K dimmable 0-10V  
Product use: Indoor  
Materials: aluminum and plastic  
Colors: Structure: light grey  
Disc: opaline white, silver, gold

Description: Like a solar sail, an incredibly powerful light source projects a beam of light onto the large, almost weightless disk, either diffusing or reflecting the light. Thin rods connect the two main elements together. By altering the length and the connecting points of the two supporting wires the rotation of the disk can be set in any angle.

Marking:
