

HONEYCOMB

design Habits Studio, 2011

| | | | | |
|-------------------|---|------------------------------|---|---|
| Type: | Suspension | | | |
| Light source: | D70L/1 | LED 25W ⁽¹⁾ 3000K | 1.363 lm | EEL: A |
| | D70L/2 | LED 50W ⁽¹⁾ 3000K | 2.726 lm | EEL: A |
| Product use: | Indoor | | | |
| Materials: | ABS | | | |
| Colors: | Glossy white, canopy white | | | |
| Description: | Like the cells of a beehive, the hexagonal modules of Honeycomb are joined freely into a suspension lamp with a captivating organic symmetry. The hexagons, connected by clips, give life to a self-supporting structure capable of housing energy-saving LED and halogen light sources configurations. | | | |
| Insulation class: |   | (D70K/3N1, D70L/1N1) | |  |
| |  | (D70K/4N1, D70L/2N1) | | |
